OFFICIAL BULLETIN #1007 March 30, 2012

This Official Bulletin was published by the Louisiana Public Service Commission, Galvez Building, 12th Floor, 602 North Fifth Street, Baton Rouge, Louisiana, 70802 (Post Office Box 91154, Baton Rouge, Louisiana 70821-9154), established under authority of Article IV, Section 21 of the Louisiana State Constitution. This material was printed at a cost of $0.40 per Bulletin.

DEADLINE FOR FILING MATERIALS TO APPEAR IN THE NEXT OFFICAL BULLETIN IS **04:30 PM** ON **TUESDAY, APRIL 10, 2012** PRIOR TO MAILING ON **FRIDAY, APRIL 13, 2012**. DOCUMENTS FILED AFTER THAT TIME WILL APPEAR IN THE NEXT REGULAR OFFICIAL BULLETIN.

OPEN SESSION WILL BE WEDNESDAY, APRIL 25, 2012 AT 09:00 AM, NATCHEZ ROOM, GALVEZ BUILDING, 602 NORTH FIFTH STREET, BATON ROUGE, LA 70802

Listed in this Bulletin are applications docketed for public hearing by this Commission. (Other docketed matters may be noticed individually under separate cover.) Any person wishing to intervene in any of the proceedings shall so notify the Commission in writing at its Baton Rouge Office in time for such notice to appear in the Commission's Office not later than Twenty-Five (25) days from date of this publication unless otherwise noted. The notice shall identify each proceeding and its docket number, set forth the interest of the intervenor or opponent and where possible the number and name of witnesses to be called and anticipated and any other known interested parties. Persons of record will subsequently be notified of time and place of hearing when fixed. (Copies of application or complaint will be furnished upon request.) In cases where applications for the transfer of Transportation certificates and permits are unopposed after expiration of the publication period and the Staff is satisfied that the transferor has operated the authority pursuant to requirements of LRS 45:166b and that the transferee is ready, fit and able to operated the authority, the authority shall be transferred after expedited hearing and the appropriate filings being made. Likewise, uncontested applications for Transportation certificates and permits will also be approved after expedited hearing and the staff is satisfied that the record after hearing does reveal that a prima facie case of public need and necessity/public interest has been shown.

March 27, 2012

RFP 12-05
LOUISIANA PUBLIC SERVICE COMMISSION
REQUEST FOR PROPOSAL

Docket No. R-31417- In re: ***Re-examination of the Commission's Net Energy Metering Rules found in General Order No. R-27558, dated November 30, 2005 (the "Net Metering Order")***

Pursuant to the provisions of the Louisiana Public Service Commission's ("Commission") General Order dated August 4, 2004 regarding the selection of contract employees to represent the Commission and General Counsel, on behalf of the Commission, is seeking proposals from independent technical consultants to assist the Commission in reviewing the legal and technical issues related to the above referenced docket. Any applicant who is chosen to represent the Commission shall be bound by the terms and conditions set forth in the General Order, as well as those included in this RFP and the applicant's responsive Proposal.

This proceeding will involve the review of the costs of net metering in Louisiana as part of the Commission's ongoing rulemaking in Commission Docket No. R-31417. Specifically, the Commission seeks information with regard to utility specific ratepayer impacts at varying levels of participation in the Commission's net metering program, from the current participation levels to potential increases in participation with existing financial incentives; availability of low cost distributed generation; aggregate, or virtual net metering; and third party ownership of distributed generation. This will likely include a recommendation to the Commission whether the current rules lead to over-subsidization by non net-metered customers of net-metered customers, whether payment should be some form other than a retail credit on the net-metered customer's bill and whether a stand-by or other charge to the net-metered customer would be appropriate.

Applicants must be qualified to work together with the Staff of the Commission to analyze and resolve the principal issues outlined below, together with any additional issues which Staff may deem appropriate. All proposals shall include an outline of a plan of action for conducting the investigation, including technical conferences and hearings, together with estimated time-lines and associated fees and costs. However, in the event an applicant is chosen; Commission and its Staff shall have the right to determine how the tasks will be carried out. In addition, all proposals shall be accompanied by a professional firm resume indicating the qualifications and experience necessary to meet the requirements of this RFP.

In the event that it becomes necessary to revise any part of this RFP, an addendum will be mailed to each applicant who has timely submitted a proposal. Applicants will be given a minimum of five days to respond to any addenda.

I. Principal Issues:

All applicants must be prepared and qualified to work together with the Staff of the Commission to analyze and resolve the principal issues outlined below, together with any additional issues which Staff and such Consultants may deem appropriate.

A. The costs associated with net metering in Louisiana;.

B. Whether the costs result in a subsidy to LPSC-jurisdictional utility customers;

C. The extent of the subsidy at varying participation levels;

D. How state and federal policies may affect participation levels and costs of net metering;

E. Whether the current rules result in over-subsidization and whether a surcharge or other reduction of payment to net metered customers for their generation is appropriate;

F. Whether the rules should be modified to include aggregate or virtual net metering and the associated ratepayer impacts; and

G. Whether the rules should be clarified to allow third party ownership of distributed generation resources and the associated ratepayer impacts.

II. Scope of Representation

The scope of representation ("Scope") involves **participation in a technical conference to be held April 26, 2012**, and participation in the Commission's rulemaking going forward. The scope includes, but is not necessarily limited to, review and analysis of all comments filed in Docket No. R-31417 by interested parties, meetings with Staff and Commissioners, meetings with parties, possible site visits, assisting Staff in the preparation of additional requests for

comments, reports and recommendations, and other tasks normally associated with the rulemaking process through the issuance of the final Commission Order.
Each investigation result in a Report containing the results of the investigation. That report must contain specific findings and recommendations regarding technical and policy-related issues before the Commission.

The time period ("Period of Representation") estimated to complete the Scope of representation is estimated at approximately 6 months. This is merely an estimate and the Commission makes no representations as to the accurateness of the Period of Representation.

III. Minimum Requirements:

To be considered, all applicants must meet the following minimum requirements *in addition to those provided in* this Commission's General Order dated August 4, 2004. Consideration will be given to factors such as educational background and achievement, practical experience in the field of public utility practice, and similar practice before other state public utility commissions.

Applicants shall be experienced in analyzing the operations, books and records of utility companies for the purpose of setting just and reasonable rates, including, but not limited to, calculation related to the cost of distributed generation. Applicant shall also be familiar with the types of costing methodologies utilized by the LPSC for its jurisdictional electric companies and the Commission's orders with respect thereto. In addition, applicants shall be qualified to render expert testimony, and to be cross-examined, with respect to the following non-exclusive list of issues:

- appropriate accounting standards and practices for utilities, public utility accounting, and generally accepted auditing standards;
- appropriate allocations of costs to base rates and fuel;
- recoverable expenses for ratemaking purposes;
- utility taxation issues;
- state and national policies, including tax incentives related to distributed generation and net metering;
- the extent of the subsidization of LPSC jurisdictional net-metering customers at varying levels of participation; and
- net metering policy appropriate for LPSC-jurisdictional utilities.

All proposals shall include a plan of action, estimated timeline, and fees and costs associated with conducting the two audits. This will result in one proposal for the two audits combined. However, in the event an applicant is chosen, Commission and its Staff shall have the right to determine how the tasks will be carried out. In addition, all proposals shall demonstrate that the Applicant has the qualifications and experience necessary to meet the requirements of this RFP. Applicants will only be considered if proposals meet all of the requirements of this RFP and the Commission's Contract Order.

IV. Estimate the Cost:

All applicants responding to the Request for Proposal shall quote their rates on an hourly basis and shall also submit an estimated total budget. Professional fees and costs should be itemized separately. Once selected, an applicant's rates and budget shall not be altered except by formal approval of the Commission.

V. Disclosure of Conflicts of Interest:

As specified in the Commission's August 4, 2004 General Order, current, as well as present or future employment

which could result in a conflict of interest as detailed in the Rules of Professional Conduct of the Louisiana State Bar Association (Attorneys) shall be prominently and separately disclosed. Consultants must also disclose any possible conflicts of interest.

VI. Disclaimer

The LPSC reserves the right to reject any proposals, to amend and/or supplement this RFP at any time, and to consider proposals or modifications thereof received at any time prior to LPSC vote at Open Session, if such action is found by the LPSC to be in the public interest. Pursuant to the General Order regarding the selection of contract employees, the LPSC has the right to accept other than the lowest offer with regard to price. In addition, there is also no assurance, express or implied, that an award will necessarily be made pursuant to this RFP.

VII. Billing Guidelines:

As required by the August 4, 2004 General Order, all bills will be rendered monthly and shall specifically identify and describe all work performed, the person performing such work, the time and charge for such work, and shall additionally show the total amount billed to date and the authorized original estimate. Bills will be rendered in strict accordance with the Commission's guidelines. Expenses shall also be separately disclosed with proof of such expenses attached.

Expenses, where applicable, shall be reimbursed at state authorized rates as specified in the Travel Policies and Procedures Memorandum issued by the State of Louisiana, Division of Administration in effect at the time such expenses are incurred ("Allowable Expenses"). This memorandum can be found at http://www.doa.louisiana.gov/osp/travel/travelpolicy.htm. Any expenses that exceed the Allowable Expenses shall be borne by the contract employee and shall not be reimbursed by either the Commission, or the correspondent utility, unless otherwise specified by the Commission.

VIII. Submission of Proposals

Interested parties should submit the **original (hard copy), plus an ADDITIONAL 6 copies, and e-mail an electronic copy** of the proposal to:

Attention: **Lisa Boudreaux**
Louisiana Public Service Commission
Office of the General Counsel
602 North Fifth Street (Galvez Building) (70802)
P.O. Box 91154
Baton Rouge, Louisiana 70821-9154
Phone: (225) 342-1418
Fax: (225) 342-5610
Email: lisa.boudreaux@la.gov

To be considered, an original, plus six copies, and the electronic copy of the proposal must be received on or before **April 23, 2012.** Information concerning billing procedures and the Commission's RFP policy may be obtained from the address listed above, or by calling (225) 342-1418.
